

55 London Fact Sheet

What is 55 London?

55 London is a new initiative that offers affordable rent for Londoners aged over 55. Our rented studio and 1 bed homes are available at less than the London market rent. There is also no deposit required. 55 London will benefit key workers, those impacted by housing waiting lists or those who may have recently experienced a change in life circumstances.

Why choose us?

Through 55 London, you will have the assurance of a safe and secure home. Our homes will be available in multiple boroughs, such as Camden, Ealing and Kingston. They will also be a mix of both general purpose and sheltered housing schemes. Sheltered housing schemes provide additional housing features, such as visiting on-site staff, resident alarm systems, communal facilities, access to C&Cs events and activities programme, launderettes and gardens.

55 London is a sister company of Central & Cecil Housing Trust (C&C) – which has been providing homes for Londoners since 1926.
